The Essex Dental Clinic

The Essex Dental Clinic – April 2021 Newsletter and Covid-19 update

Dear Patient,

We hope that this newsletter finds you and your families well.

Welcome to Joe

We would like to welcome Joe Ballentyne, an experienced dentist, who has joined our team to look after Sumayyah's patients while she is on maternity leave. Joe is a great addition to the team and we look forward to working with him this year.

Sumayyah's Maternity Leave and Tanim's Paternity Leave

Sumayyah has started her maternity leave and our other dentist, Tanim has also gone on 2 weeks paternity leave. We are so excited for both of them and will let their patients know about their imminent new arrivals on our Facebook page.

Tooth Whitening Offer - Give yourself a boost before the summer

During May and June will are offering a £75 discount on a course of tooth whitening. If you would like to book an appointment for tooth whitening, please contact us on 01787-222828

PCR testing

The Essex Dental Clinic has been asked to join a 10 week pilot for the NHS. This would involve NHS patients, who require aerosol generating treatments, to have a PCR Covid test 72 hours prior to their dental appointment, then self-isolate and to attend the practice for a lateral flow test at their treatment appointment. This is similar to the procedure for patients attending for hospital treatments.

Happy Easter

We hope you all have a lovely Easter Weekend. Remember every time you or your children eat chocolate or anything sweet, your teeth decay for 45 minutes. So, eat those Easter eggs at a mealtime or all at once! This will reduce the frequency of your sugar intake and help to prevent you getting tooth decay.

Happy Easter to you all!

Best wishes and keep safe.

Louise and the team at The Essex Dental Clinic
